# HE 6 L'S

## Becoming well-rounded The essence of a successful life

We strongly believe that there are several powerful aims of education all working together to guide the development of young people towards a balanced character. This concept shapes everything that we do at Bodwell, represented by "6 L's." Each L is an essential part of the Bodwell experience in both the academic and boarding programs. We practice and encourage well-roundedness in our students by offering a wide variety of classes, events and outings, meant to nurture the mind and body as well as to foster a sense of community and teamwork. The 6 L's are a daily reminder of our conviction that education is a lifelong journey and one of the most important pursuits of life itself.

### **ACADEMICS**

With the expert instruction of teachers, students immerse themselves into the Canadian curricula and develop critical thinking skills needed for success at university. Classes in Arts and Athletics allow students to explore many new ideas and pursuits, while joining clubs and teams provides a challenge to both the mind and body.
