

International Education NANAIMO LADYSMITH

Wellington Secondary School

Love Learning On Vancouver Island!

Updated June 2023

British Columbia has one of the best public education systems in the world . . . our students perform at the top of international assessments

Classic West Coast Communities

- Our seaside communities, located on beautiful Vancouver Island, are safe, peaceful and clean. We are surrounded by forested mountains, rocky shores and sandy beaches and we enjoy the mild-est climate in Canada.
- We have easy access to the dynamic cities of Vancouver and Victoria, as well as the world famous ski resort on Whistler Mountain. We have an abundance of rich cultural experiences, recreation and shopping.
- Nanaimo is the right size to have everything you need and Ladysmith overflows with small town charm.

Home Away From Home

- We manage our own Homestay Program and provide students with support, encouragement and guidance. Students are immersed in English language and experience authentic Canadian culture.
- Students fully participate in family life including activities, celebrations and relaxing at home.
- The well-being of our students is closely monitored by experienced Homestay Coordinators. Homestay Coordinators make weekly visits to each school to check in with our students to ensure each homestay is the best it can be.

Student Programs

- Our education programs are individually designed to meet the interests and academic goals of each student. Our graduating students have been accepted at universities around the world.
- We offer direct access to academic, fine arts, skilled trades, career and physical health education classes and students learn alongside their Canadian peers.
- For students requiring English Language support, we have English Development classes as well as individualized ELL support

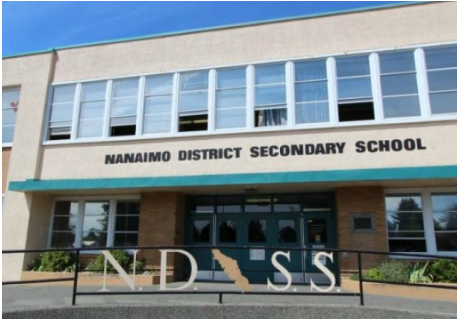

Student Supports

- We have International Student Advisors in every school who ensure students are comfortable at school and are excelling in their classes. Advisors monitor students' academic progress, encourage involvement in activities and provide guidance with cultural adaptation and social adjustment.
- English Language teachers work with classroom teachers to support student learning throughout the day.
- Our schools have counsellors who provide academic, social and emotional support.

Our international students return home with new knowledge, deeper cultural understanding, increased self-esteem, greater maturity and life-long friends from Canada and around the world!

Grade 8 to 12 Schools in Nanaimo Ladysmith

Nanaimo District population 1690

- A vibrant student group that embraces diversity and ensures everyone feels welcome
- Draws students from across the district to its Hockey, Soccer, Lacrosse and Beach Volleyball Academies
- Easy access to premier athletic facilities including a weight room, all season track and turf fields, swimming pool and skating arenas
- Fall ELL support

Dover Bay population 1500

- Enjoys a proud tradition of academic and athletic success; offers Advanced Placement courses in Science
- Has an outstanding Performing Arts Academy and well equipped shops to explore woodwork, metalwork, mechanics, robotics, and culinary arts
- Is well known for environmental initiatives and excellence in mathematics and computer technology.
- Comprehensive ELL support

Wellington population 1050

- Students choose Wellington for its nationally acclaimed Jazz Music Academy, language learning opportunities, enriched fine arts experiences, technology programs with a focus on 3D animation and printing, and its variety of athletics, clubs and activities.
- Wellington is a beautiful building with a unique West Coast interior design and an abundance of natural light
- Comprehensive ELL support

Engage, Experience, Explore . . .

Join in, explore, compete, contribute! After school activities provide memories for a lifetime. Join your Canadian and International peers in athletics and clubs. Make new friends, improve your own well-being and contribute to your Canadian community. There are choices for everyone and places where everyone belongs.

Engage in School Life!

School life in Nanaimo-Ladysmith includes many extra activities and international students are encouraged to join in. Students pick up new skills, stay active, and build life-long friendships with Canadian peers and students from around the world.

Experience Canadian Activities!

While studying in Nanaimo Ladysmith, students are provided opportunities to experience traditional Canadian activities. Activities include curling, bowling, skating, paddling, snow shoeing, hiking, hockey, skiing, surfing and special events.

Explore Beautiful British Columbia!

Guided excursions include whale watching, surfing in Tofino, skiing at Mt. Washington and cultural trips to Victoria and Vancouver. Highlights for many students are trips to the stunning Rocky Mountains, Yukon Territory, and Whistler Mountain.

Ladysmith

population 640

- Located in the picturesque hillside town of Ladysmith that is known for its warmth and charm
- Known for its dynamic extracurricular programs, strong athletic traditions, a vibrant Improv club and a celebrated Musical Theatre program.
- Proud to offer opportunities to get outside and enjoy Vancouver Island, including Outdoor Education and Land and Language courses
- Fall ELL support

John Barsby

population 780

- Known for engaging learners with experiential courses like leadership, athletic training, chef-training, digital photography, trades and robotics.
- Athletic excellence in football, boys' basketball and girls' volleyball
- Bulldog Theatre, fine arts and photography programs give students an opportunity to showcase their talents.
- Comprehensive ELL support

Cedar

population 360

- A hidden gem tucked away in rural Cedar
- Offers a unique learning experience that suits students who enjoy small classes, independent personalized learning and an educational setting where everyone knows your name
- Students develop strong critical, creative and collaborative thinking skills that prepares them well for a future of further learning.

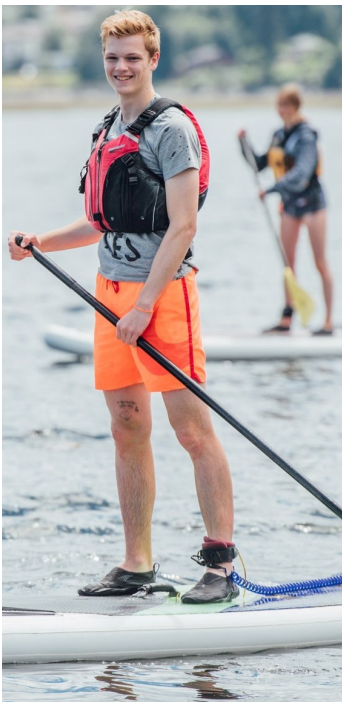

A Rich Variety of Courses

Students create individualized programs to match their interests and to meet their academic goals.
